

CAPABILITY STATEMENT

CORE COMPETENCIES

- Lion Hopper is a commercial contractor specializing in the installation of exterior architectural metal structures, sun control systems, and site furnishings.
- Lion Hopper provides nationwide installation and field services, including project coordination, installation, and inspection and maintenance.
- Our focus is delivering quality installation services with predictable timelines, controlled risk, and code-compliant construction.

DIFFERENTIATORS

- **Specialized Installation Expertise** - Focused on architectural metal and shading systems requiring precision installation.
- **Nationwide Deployment** - Installation crews mobilized across the United States.
- **Reduced Procurement Risk** - Single contractor responsible for material coordination, delivery, and installation.
- **Installation Quality Control** - Structured inspection processes and post-installation maintenance programs available.

PAST PERFORMANCE

- **Fort Meade MORC Courtyard Trellis** (USACE, 2026): Installed custom aluminum trellis for military installation; completed early with zero safety incidents, no performance issues, and no warranty claims.
- **Arden at Summit Pines Trellis** (Harkins Builders, 2025): Installed custom aluminum shade structure in occupied multifamily environment; completed early with no safety incidents or warranty claims.
- **110 Park Penthouse Structures** (W.S. Cumby, 2025): Supplied and installed five custom aluminum shade structures for a multifamily residential project; on-schedule completion and no safety incidents or warranty claims.
- **Industrial Facility** (EVCAM, 2024): Installed architectural awnings and canopy systems on industrial building; completed on schedule with no safety incidents or warranty claims.
